

Each of the nine activities has examples and in-depth explanations. The activities can be used separately when a specific topic is introduced or for reinforcement. The Teacher's Guide is comprehensive giving solutions with explanations and detailed notes suggesting teaching strategies for making the transition to algebraic thinking.

The number of pages per activity is given below along with the number of pages in the Teacher's Guide.

Activity 1 – 05 pages

Activity 2 – 04 pages

Activity 3 – 06 pages

Activity 4 – 08 pages

Activity 5 – 06 pages

Activity 6 – 04 pages

Activity 7 – 06 pages

Activity 8 – 10 pages

Activity 9 – 09 pages

Teacher's Guide – 39 pages
